Sun Devil Sports Nutrition Internship

Positions will contribute to the overall implementation of sports nutrition service under the direction of the Director of Sports Nutrition for Sun Devil Athletics. Potential responsibilities are listed below, though other responsibilities may be identified.

Opportunities may include assisting with:
- Daily scheduled operation of Football team Nutrition Bar (fueling station) to provide pre/during/post-training nutrition
  - Properly prepare, serve, and store food in accordance within current applicable federal, state, and county standards and regulations to ensure high-quality food service is provided.
  - Set up and stock nutrition product within the Nutrition Bar.
  - Operate and maintain a variety of kitchen utensils and equipment.
  - Maintain records such as inventory, temperatures, equipment maintenance.
  - Clean and sanitize work stations and equipment following all regulatory rules and procedures.
- Overall food procurement
  - Participate in ordering and receiving, stocking, delivery of inventory, and communicate with vendors.
  - Assist with budget tracking and invoice processing.
- Creating nutrition education materials
  - Develop content and design for various communications used at meals, in fueling stations, on social media.
- Team meal setup and monitoring
  - Contribute to menu planning.
  - Track attendance.
- Research-based projects
  - Assist College of Health Solutions faculty Dr. Floris Wardenaar with current research projects which may relate to field hydration testing, dietary supplement use/behavior, and other topics
- Other duties and responsibilities as assigned by the Director of Sports Nutrition.

Minimum Qualifications
- A valid card or certificate issued by an ANSI-accredited food handler training program (such as ServSafe Food Handler). Required if working hands-on with food.
- Knowledge of nutrition principles related to athletic performance.

Location
- Sun Devil Stadium on the ASU Tempe Campus.
